DECLARATION LETTER

PRODUCT SHELF LIFE EXTENSION TO 36 MONTHS

May 25, 2021

Dear Valued Customer :

This is respectfully stated that Hangzhou GENESIS Biodetection and Biocontrol CO.,LTD. is extending the maximum storage shelf life for KaiBiLi™ Extended ViralTrans PBS (Cat. No. M221113 and M221114) from 12 months to 36 months.

The July 2020 lunched KaiBiLi™ Extended ViralTrans PBS (Cat. No. M221113 and M221114) was set 12 months for shelf life. For the past months , continuous stability testing for the product was conducted, and the result demonstrated that the product quality is stable and satisfied with proper handling and storage to 36 months.

This change is implemented in May 2021. Lots shipped from Hangzhou GENESIS Biodetection and Biocontrol CO.,LTD. beginning May 2021 or later will carry a shelf life of 36 months. We also declare that the 36 months shelf life is applied to the lots shipped out to the US since product launched (July 2020) as appendix 1. For more information, please contact Hangzhou GENESIS Biodetection and Biocontrol CO.,LTD. at Intlsales@hgb.com.cn

Thank you very much.

Most sincerely,
