

Why not have it all?

- ✓ MOLECULAR PERFORMANCE
- ✓ LOW COST
- ✓ EASY TO USE

3EO stands alone bringing together molecular performance and low cost with exceptional ease-of-use.

MOLECULAR PERFORMANCE

3EO's novel **3TR amplification technology** delivers **molecular performance** and is responsive to all variants.

PPA

LoD

733 (1000x more sensitive than antigen)

VAR

Recognizes documented variants.

LOW-COST LEADER

3EO Health's **cost per test is up to 70% less** than existing molecular technologies.

COST

HIDDEN COSTS

EXTREME EASE OF USE

3EO's **simple sample-to-test workflow in a 3-inch X 3-inch footprint** is designed for near patient testing including the exam room.

SIZE

3in x 3in footprint

WORKFLOW

NO

- ✓ No confusing results

NO

- ✓ No instrument
- ✓ No capital
- ✓ No contract

NO

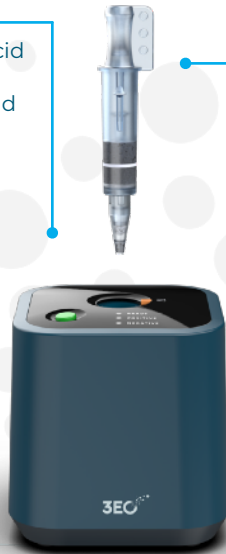

- ✓ No preparation
- ✓ No pipetting
- ✓ No mixing
- ✓ No timing
- ✓ No interpretation

Break Through Biochemistry Enabling PCR Quality at Antigen Pricing

3TR TECHNOLOGY

A proprietary nucleic acid detection technology that is quick, simple, and highly specific:

- Detect disease-specific DNA/RNA
- Minimal reaction steps, all automated
- Rapidly adaptable to new targets
- PCR-equivalent accuracy

3TR KEY

Captures all single-use requirements

SMALL FOOTPRINT

3-inch x 3-inch footprint means testing can happen in any setting

- ER/Clinic
- Home
- Workplace

KEY PRODUCT FEATURES

PPA	95%
NPA	100%
LoD	733 copies per mL
Time to positive	~25 minutes
Time to negative	~30 minutes
CPT Code	87635
Medicare Rate	\$51.31
Cost per test	CALL SALES REP
Cost per instrument	\$195 <i>(MSRP; includes two tests)</i>

Innovation Over Iteration: 3EO's novel 3TR amplification technology delivers molecular performance with an LoD of 733 copies per mL (1/1000 of what is required for antigen) and is responsive to all documented variants.

Hassle-Free: Preparation-free technology enables an easy "direct-to-test" workflow eliminating time consuming technique dependent steps. No preparation. No pipetting. No mixing. No timing. No interpretation.

Mini, and Mighty: Our 3-inch X 3-inch footprint is expressly engineered for near-patient testing including the exam room.

Molecular Low-Cost Leader: 3EO's mission is to provide high-performing, low-cost diagnostics to enable more testing for more patients in more places. We go where others can't go, to serve patients others can't serve.

NO CONTRACT, NO TRAINING, NO MAINTENANCE REQUIRED.

PRODUCT DETAILS:

COVID-19 STARTER KIT

Includes:

- (1) Cube
- (2) COVID-19 Test Keys
- (2) Swabs
- (1) Quick Start Guide
- (1) Power Adapter

COVID-19 TEST 20 PACK

Includes:

- (20) COVID-19 Test Keys
- (20) Swabs
- (1) Quick Start Guide

3EO Health is the world's first "Point of Life" company dedicated to empowering everyone to optimize their health.

WHY 3EO

- ✓ HIGH PERFORMANCE
- ✓ LOW COST
- ✓ EXCEPTIONAL EASE OF USE
