### Medonic M-Series Specifications

- 16-Parameter, 3 Part Diff
- Up to 60 Samples Per Hour
- Results in 45 Seconds
- Automatic Sampling
- Micro Sampling
- Stat Sampling
- LCD Color Touch Screen Display
- Histogram on Screen Display
- On Board Step By Step Operation Instructions
- Bar Code Reader
- Sample Memory
- Control Memory
- Program Files
- Clot Removal
- On Board QC Including LJ, XB
- Blood Detectors
- Auto Hgb Blank
- Hgb Correction
- Reagent Level Sensors
- Warning Flags

- Parameter Flags
- Interface Ready
- Zero Daily Maintenance

#### Options:

- Key Board

#### Small Footprint

16.15 x 11.43 x 18.12

#### Autoloader

16.94 x 13 x 18.12

#### Weight

- 39.6 Pounds - Open / Closed Vial
- 48.4 Pounds - Autoloader
- Power Consumption 100VA
- Power Consumption (stand-by) 20VA
- Frequency 50/60HZ

# Medonic M-SERIES Hematology Analyzers

Simple  
Accurate  
Reliable  
Economical

Clinical Diagnostic Solutions, Inc.

# Choose The Analyzer That Best Fits Your Needs

## 3 Systems To Choose From

Open Vial Sampling System

Cap Piercing Sampling System

Autoloader Sampling System

**Clinical Diagnostic Solutions** is a global company that distributes high quality, cost effective hematology systems. Our commitment is to provide excellent products, ensuring accurate patient outcomes, safety and reliability.

**Medonic M-Series**  
16 parameter, 3 part differential systems designed to provide fast, accurate and reliable patient results with ease.

**Patient Outcomes**  
High quality engineering and technology ensures system precision resulting in sample accuracy. This concept and design will reduce repeats, send outs and manual intervention.

**Simple to Use**  
Touch screen displays and on board step by step instruction makes operation easy. Bar coding, cap piercing and auto sampling reduce errors and ensure positive patient identification.

**Cost Effective**  
Saves time and money with a complete system that is virtually maintenance free. It also eliminates the need for expensive consumables for handling finger sticks and reduces the need for service support.

## What Differentiates The M-Series

- Accurate and Precise** — Delivers excellent patient results.
- Autoloader System** — Provides an automated cost effective solution.
- Bar Coding** — Standard with all systems giving you positive patient identification and reduces transcription errors.
- Zero Daily Maintenance** — No daily shutdown, engineered to eliminate lengthy cleaning procedures.
- Service** — Highly reliable, excellent uptime record.

**Patent Finger Stick Technology**  
20µ draw is all it takes

*Eliminates the need for costly drawing devices*

### Automate Your Records & Data

- Integrate a Data Management Package with your system.
- Easily interfaced to Data Management Systems
  - Presently compatible with several systems on the market
